

BRS ARE SPECIALISTS IN **PODIUM REFURBISHMENT** | **BUILDING RECTIFICATION SERVICES**

There are many reasons to update your podium, pool or BBQ areas. The most common is water ingress, this can cause major long term problems such as structural cracking, slab subsidence, corrosion and spalling concrete, if left unattended.

BRS have all the necessary skills and equipment to carry out all aspects of podium deck, and associated area refurbishment works. We can take care of all your podium deck requirements from fixing water ingress problems to total transformation.

- Re-tiling
- Re-landscaping
- Building new structures
- Total refurbishment of podium deck areas
