

BRS ARE SPECIALISTS IN  
**WATERPROOFING** | **BUILDING RECTIFICATION SERVICES**

**With over 35 years in the industry, BRS's team of highly trained staff can determine most waterproofing problems during an initial site analysis.**

Since 1985, BRS has rectified many difficult projects where water ingress has been an issue for many years. Simply by assessing each issue and applying the correct systems for that particular situation, BRS ensure a quality finish to every project, creating a long lasting solution to your waterproofing problems.

All of these problems can be rectified with the correct methodologies and advice.
